Reconnect Case Management™

Growing caseloads and increasing lengths of pretrial periods mean too much time spent on mundane daily tasks. Let Reconnect CM automate your data management and assessments as well as make it easy to fill out and submit forms. That way you can spend more time communicating with your clients.

Reconnect Engagement Platform™

Reconnect Engagement Platform is a two-part system that boasts features tailored specifically to pretrial needs. Automation provides improved efficiency and accountability, increased communication, and overall improved support for your clients. Set daily tasks and reminders to keep your clients on track.

Learning Lab LMS™

Pretrial can be the starting point for encouraging real behavioral change. Learning Lab LMS is a robust system that empowers you to set up customized curricula, track progress, and provide valuable resources to help clients develop a better quality of life.

Reconnect Smartphone™

Need phones? We can help. Reconnect Smartphones operate like any other Android smartphone and the HIPAA-compliant Engagement App is conveniently pre-installed.
