

RECONNECT™

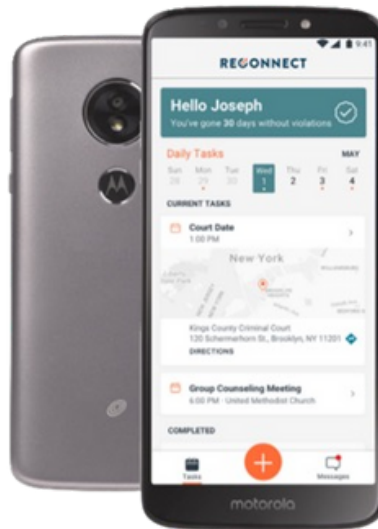

Reconnect Smartphone™

Technology that Empowers Everyday Heroes™

There are situations where a client doesn't own a smartphone. However, you still need to maintain release conditions or provide service to support reentry. Reconnect Smartphone provides access to the Reconnect Engagement App so clients can easily stay on track with program requirements.

“ Even with the challenging situation, like when we needed phones, timing of responding was excellent!

– LH, Program Coordinator

With the Reconnect Engagement App pre-installed on the phone, you can communicate with your clients via a secure, HIPAA-compliant communication tool, designed to keep them focused on assigned tasks.

Engagement App & Platform

Case Management

Smartphone Leasing

Learning Lab LMS™

You have options for how each phone is set up:

- Use only for Reconnect
- Customized configuration

Phones are equipped with features like:

- Remotely manage devices
- Unlimited data
- Long battery life
- Front and rear facing cameras
- Screen protector and phone case

Need phones? Reconnect has you covered.
